Friends of Brentwood Park Tree Dedication & Planting

Saturday, November 6, 2010
Brentwood Park, 6100 Arroyo Seco
(Rain date: Saturday, November 20)

Join us as Brentwood and Crestview neighbors and friends make neighborhood history by planting 115 trees in our community park.

You can help by volunteering for an hour or two to plant trees or do other tasks at the fun, family-friendly event. The City of Austin is digging the holes and providing trees and mulch. All we need to provide is a little elbow grease to plant the trees.

You also are invited to a **special ceremony** before the tree planting, to recognize neighbors who are having trees dedicated to them.
